ISSUE 77

ASSEMBLY GUIDE

3

The rear of the passenger seat back is attached to the seat assembly from the previous issue and both front seats are fixed to the floor panel.

YOUR MODEL

You will be building a 1:8 scale replica of a customised 1973 Ford Falcon XB GT. Features include a lift-up bonnet that reveals a detailed engine, opening doors, wind-down windows and an 'active' steering wheel. A remote-control fob illuminates the main lights, brake lights and indicators.

Scale: 1:8
Length: 62cm
Width: 25cm
Height: 19cm
Weight: 7+kg

ALL RIGHTS RESERVED

Items may vary from those shown.
All parts belong to a kit. Collectors' item for adults. Not suitable for children under 14. Some parts may have sharp edges, please handle them with care.

The installation of electronic parts must always be carried out by an adult. When replacing batteries, use the same type of batteries. Please ensure that the battery compartment is securely fastened before you use the model again. Used batteries should be recycled. Please make sure to check with your local council how batteries should be disposed of in your area. Batteries can present a choking danger to small children and may cause serious harm if ingested. Do not leave them lying around and keep any spare batteries locked away at all times.

The editor's policy is to use papers that are natural, renewable and recyclable products and made from wood grown in sustainable forests. The logging and manufacturing processes are expected to conform to the environmental regulations of the country of origin.

In the event of a significant increase in production and transport costs, the publisher reserves the right to modify its selling prices.

Stage 77: Front Left Seat

The rear of the seat back is attached to the assembly from the previous issue, and the seat back is fixed to the seat base.

List of parts:

77A Left seat back rear panel

77B Left seat back foam

PS05 Seven* 2.3 x 4mm PB screws

* Including spare

PB = Pan head for plastic

Area of assembly

Stage 77: Front Left Seat

STEP 1

Fit the foam **77B** into the seat back assembly from the previous issue. Note the shape of the foam: the angled shape at the top fits into a recess in the seat cover.

STEP 2

Take the rear of the seat back **77A** and fit it over the assembly so that the foam **77B** is enclosed. Four pegs on the seat frame **76B** fit into the angled sockets in part **77A**. Press the parts firmly together.

STEP 3

Take the seat base assembly from issue 75 and fit the seat back between the two flanges on the seat frame **75A**.

STEP 4

Check that the screw hole in the flange on the seat base frame **75A** is aligned with the screw hole in the tab at the base of the seat back frame **76B**.

STEP 5

Fix in place with a **PS05** screw.

Stage 77: Front Left Seat

STEP 6

Turn to the other side of the seat and check that the screw hole in the flange on part **75A** is aligned with the screw hole at the base of the seat back frame. Fix in place with a **PS05** screw.

STEP 7

Take the floor assembly from issue 74 and the driver's seat from issue 15. Fit the driver's seat in place behind the steering wheel.

STEP 8

Turn the assembly over so that you can fix the seat in place with two **PS05** screws, inserted from beneath the floor panel **69A**.

STEP 9

Similarly, fit the passenger seat in place on the other side of the central console.

STEP 10

Fix the passenger seat in place with two **PS05** screws.

COMPLETED ASSEMBLY

The front seats have been fixed to the floor.

COMING IN ISSUE 78

• ASSEMBLY GUIDE

The seat frame is fitted to the back of the rear seat.

• HISTORY OF THE FORD FALCON

The Cortina conquered the UK and European market in a very profitable way, with each of the four generations selling over a million units. Its stateside version, however, only kept Ford in this market segment until the Maverick was released.

• CARS ON SCREEN

Bullitt (1968) won the Academy Award for Best Film Editing and received over a dozen other nomination and awards. But it is the 11-minute car chase that everyone remembers.

NEW PARTS

Rear seat cover, rear seat frame.
